

WHO ARE WE?

Fortius are a proactive Insurance and Risk Management Intermediary, with strong technical understanding of RISK and how to mitigate its impact on our clients.

This allows us to provide sound, advice driven solutions to both Corporate and Private Clients that sets us apart from our contemporaries.

Our team has extensive experience in protecting the interests of domestic, overseas and global clients ranging from Property Developers to Oil Refineries, from Accountancy Practices to Formula One Teams and everything in between.

The senior management team retains active client contact, allowing them to maintain a direct empathy to evolving client requirements and ensuring the business continues to react accordingly and meet client's expectations.

WHAT WE DO

At Fortius we don't believe our job begins and ends in the arrangement of an insurance policy.

We believe that it is our responsibility to help our clients identify the multitude of risks that effect them, the options for protecting against those risks and help in recovering if the worst happens.

In short we believe that it is our responsibility to help our clients manage THEIR risk as they want to, our services are never set in stone, one size really does not fit all when it comes to Risk Management, but our services can include:

- Insurance Programme Placement & Management
- Managing Risk
- Global Insurance Programmes
- Contract Audits and Advice
- Claims Management
- Financial Risk Analysis and Protection

CONSTRUCTION AND DEVELOPMENT

The advice of knowledgeable and experienced insurance consultants is a must for Construction companies as the contractual requirements of main contractors become more complex.

In order to meet with your contractual obligations, prior to starting any upcoming contracts, why not get in contact with our dedicated team who are always on hand to offer the expert advice on your existing insurance arrangements.
